National Specialty Committee Charter

Approved: [DATE] | Version 1.0

The National Specialty Committee plans one annual Club event each year, to include both conformation and performance events, as well as other fun-filled or educational opportunities for members. The Committee manages the process of selecting a host club and show chairperson, both subject to Board approval, and remains involved to coach and troubleshoot, to insure a highly successful event.

Scope of Responsibilities

The National Specialty Committee shall:

- Develop a vision for upcoming National Specialty events, including the competitions desired and the types of other Club activities to be included, such as award dinners, member meetings, informative lectures, field trips or training sessions in new disciplines, and so on.
- Establish, with the Board's approval, the policies and procedures for the submission of a National Specialty Show Bid, including submission dates
    - All bids should include both conformation and performance events
- Solicit additional bids, as necessary, to ensure the Club has several options for consideration, representing a variety of locations around the country

- Review the bids to hold a National Specialty Show and submit these in recommended order of attractiveness to the Board of Directors for approval
- Assist each National Show Chairperson with rules pertaining to the operation of a National Specialty Show and serves as a coach, as necessary, to ensure a successful event for the good of the Club
- Order rosettes to be presented at the Awards Ceremony at the National Specialty.
